Fundamentals of Corporate Finance: Chapter 7 Problems (2016)

The Finance Coach provides a series of educational videos to help both students & professionals enhance their understanding of corporate finance. The Finance Coach provides a series of educational videos to help both students & professionals enhance their understanding of corporate finance.

- The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. - They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application.

The Finance Coach
