These are four reasons why people (legitimately) put up emotional walls. Tweet. 1. One reason people put up emotional walls is to manage what happens next. But this sense of control is a myth. Because in reality, things play out like they're going to and you have far less power over other people than you imagine (or you'd like).

In Let Their People Come, Lant Pritchett discusses five "irresistible forces" of global labor migration, and the "immovable ideas" that form a political backlash against it. Increasing wage gaps, different demographic futures, "everything but labor" globalization, and the continued employment growth in low skilled, labor intensive industries all contribute to the forces compelling labor to migrate across national borders.

The easiest way for your ex to come back after the break up is if you let him. He doesn't have to do anything to convince you that he's changed or that he deserves another chance, you just let him back into your life without a second thought. This is okay if the reason you broke up is silly and you wish it had never happened.
