Piano keyboards, by contrast, normally have 88 keys; some electric pianos and digital pianos have fewer keys, such as 61 or 73 keys. Some smaller electronic organs may have manuals of four octaves or less (25, 49, 44, or even 37 keys).

Organs may have one or more manual keyboards and a pedal keyboard. The number of keys on the manual keyboards varies somewhat, but the lowest note is always low C. Most American organs have 61 notes on the manuals to C above high C. Pedal keyboards are also different lengths, but low C is also the lowest written note.
